Editorial Is The Public a Scapegoat?

"Cheap, selfish politicians, but the germ lives on" is a quotation often heard; and this past week's exhibition by apparently some "cheap, petty, disgruntled" would-be politicians and public officials recently defeated for office—and some ex-public officials of the county, who have eaten freely out of the public trough, and off the unsuspecting travelling public in this county, have joined forces in a house-to-house canvass apparently to misinform the voters of the City of Bay St. Louis on a matter of public street improvement, and pay for it out of the funds through a \$50,000 bond issue, and secured the signatures of a number of citizens to a petition.

Our City officials on June 14th passed a resolution calling for pay for the bonds with the issuance of \$50,000 in bonds to hard surface over 22 dirt streets in the City, the bonds to be paid out of the sales tax voted on by the people in 1954. They have published this resolution for three consecutive weeks in the Sea Coast Echo, and they requested the paper to run headline articles (and one ad) telling the public exactly the facts in the matter.

In September 1954, the VOTERS of Bay St. Louis voted OVERWHELMINGLY in FAVOR of a 1 cent City sales tax on all merchandise purchased in the City, and the revenues from this sales tax were pledged to make the following improvements:

1. Improve surface and storm drainage and natural drains. (Note: This improvement has been made daily since.)
2. Increase financial support toward the City-Council Memorial Library. (Note: This was increased from \$100 per month to \$200 per month.)
3. Additional financial aid to King's Daughters Hospital. (Note: This was increased from \$125 per month to \$175 per month.)
4. Increase wages of City employees ten per cent (Not City Commissioners). (Note: This increase was for the under paid garbage men, truck drivers, grader-men, and other like employees. They were increased the 10 per cent.)

5. Purchase and develop a site for a cemetery.
6. Widen the first block of Main Street to alleviate traffic congestion.
7. H. A. R. D. surface, Railroad Avenue (main road to Waveland) within City limits. (Note: These 3 items above were submitted by the City Commissioners to an election on a no-tax increase bond issue last August 5th, and some of these same "public-spirited," "unselfish" objectors led the fight to defeat these improvements.)

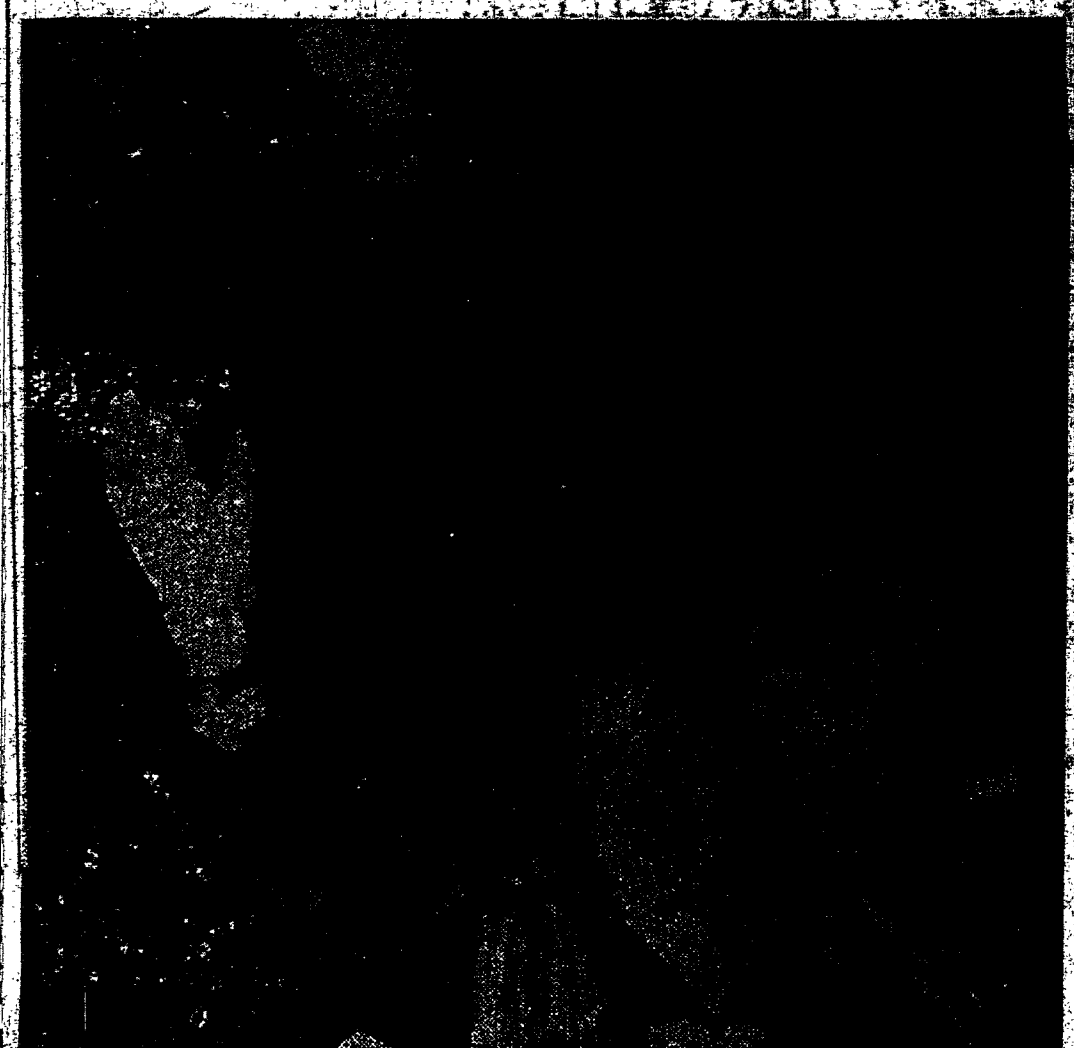

8. Provide funds to assist in the construction and maintenance of a hospital.
9. Provide funds for the City's pro-ration share for employment of Youth Councilors. (Note: Each of these two projects would have to be in conjunction with the County, and presently no plans have been adopted by the County.)

10. Paved surfacing of existing dirt streets.
11. Paved surfacing of streets which are in a need of repair. (Note: These two items include the grading, surfacing of 22 dirt streets in our City together with resurfacing Carroll Avenue, which is badly in need of repairs in order to save complete loss. Items 10 and 11 are the projects the City is now attempting through a \$50,000 bond issue. The payments of the bonds to be from the Sales Tax only, which is no additional tax.)

Under the law of the State a City may issue bonds up to \$50,000 WITHOUT an election, interesting to note from the money to pay for the quality of the City call for a bond election.

But the City officials are not making an additional tax on the people for these improvements, and the bonds are a number of years before they are due.

Mariner Scouts Shove Off For Michigan

BON VOYAGE—Mariner scouts Barbara Allen, Clea Kay Miller and Mrs. Paul Miller, are shown, left-to-right waving to a crowd at the railroad station on their departure to Michigan for two weeks at a senior Girl Scout roundup. —Sea Coast Echo Photo

Two Mariner girl scouts, representing the Live Oak council, arrived in Michigan Friday where they will spend two weeks at a senior girl scout roundup, learning the ways and traditions of other girls from different sections of the country.

Clea Kay Miller, Bay St. Louis, and Barbara Allen, Pass Christian, and Mrs. Paul Miller, will join in an exciting feature of the roundup—the exchange of skills between campers from every state in the Union.

Other Live Oak council scouts from along the coast formed a patrol unit and designed their own flag.

With the aid of Mrs. Lucy Shearer, Gulfport, coordinating counselor for the area, and Mrs. Marsha Embt, Gulfport, the group selected the flags of France, England, Spain, Confederacy and the United States—the five countries that have played a part in the history of the Mississippi Gulf Coast—and the land.

Chapman Top Skipper In BWYC Races

For the second straight week end, Harry Chapman carried off top honors in the Expert fish class race at the Bay-Waveland Yacht Club to feature Saturday's activity of five races.

Finishing in order behind Chapman were Jack Gordon, Glen Coward, Herb Schaeffer and Bill Gordon.

In the first race of the day, the Junior "B" Skippers, Chuck Breath was first followed by Paul Miller Jr., Buddy Languiand, and Brother De Ben.

Doc Quigley won the Class "AB" event with Jim McDonald finishing second, Doc McFarland, third, and Sonny Blank, fourth. In the Junior "A" Skipper race won by Bill Argus Jr., Top Anderson, finished second followed by Ballard Argus, Bill Blank and Don Doyle.

Bill Argus Jr. won the Class "A" race, followed by Claude Kohler, F. Lapeyre, Bill Argus Sr., and Ben Bell.

Thefts Of Home Plumbing Still Continuing

Thefts of home plumbing continued this week, with burglars entering the home of Mitchell Luc, old U.S. 90, last Saturday, Sheriff Sylvan J. Ladner reported.

The sheriff said the house had been entered by cutting a back screen and breaking the lock off a window.

In addition to a toilet and tank with fittings and a lavatory, a searchlight, GE radio, electric fan, shirts and shoes, 2 clocks, a hotplate, a tool box, pipe fittings, paint, sheets, oil-lamp, curtains, dish towels and bath towels also were taken. The sheriff said.

All the loot was recovered where it had been cached about 300 feet into the woods behind the house. Sheriff Ladner said his office was holding a suspect in the Hancock County jail for questioning.

Mr. and Mrs. G. Griffin and family of Chattanooga, Tenn., are visiting with Dr. and Mrs. John Griffin over the Fourth of July holidays.

THREE RACE SAILING INNOVATION IS LAUNCHED AT LOCAL YACHT CLUB

A three-race series begins at the Bay-Waveland Yacht Club today, innovating a sailing program in the annual Mississippi Gulf Coast midsummer regatta.

The two-day racing program includes yachtsmen from South Bay Yacht Club, New Orleans, Mobile and Mississippi Coast Yachts.

In recent years it has become increasingly difficult for visiting clubs to take part in regattas at the four Gulf Coast clubs over a two week period, so the Bay-Waveland and Pass

Christian Yacht Clubs instituted a new program, to begin today.

Boats are scheduled to move directly to Bay St. Louis from a two-day regatta at Biloxi which ended yesterday, for the two-day series here. Saturday at midnight the clubs will head for New Orleans in the Long Distance Race.

Pass Christian will not host a midsummer regatta this year but the Pass club will host the three day series. If the plan works smoothly, it will continue on an alternating plan between the two clubs.

THIEVES NAB CAR AS OWNER CRABS ON US 90 BRIDGE

While R. A. Martin grabbed off the Highway bridge Monday morning his auto, a light gray 1949 2-door Chevrolet was stolen. Sheriff Sylvan J. Ladner, who investigated the theft, said yesterday.

Martin, who lives in Housing Project 10 Ballentine St., said he was \$87 in currency in the glove compartment of the car.

The theft occurred between 5 a.m. when Martin parked the car, and 8 a.m. when he returned and found the car missing.

Sheriff Ladner said he had alerted the Louisiana and Mississippi highway patrols and the New Orleans Police Department.

Mrs. Jos. Samuel Dies Monday in New Orleans

Mrs. Joseph Samuel of Waveland died in New Orleans on Monday night after an illness of several months.

Long identified in gardening circles in Bay St. Louis and on the Coast, Mrs. Samuel, at the time of her death, was vice-president of the Bay-Waveland Garden Club.

She is survived by her husband, Joseph Samuel, and a son, Ray Samuel, New Orleans and two grandchildren.

Funeral services were held Tuesday at three p.m. from the Tharp-Sonthelmer-Tharp Funeral Home with the interment in Metairie Cemetery.

To Lay Cornerstone Soon for Episcopal School

Cornerstone will be laid Sunday in a public ceremony for the new modern masonry type school building for Christ Episcopal Day School, 912 South Beach. Only the left half of the pictured artist's conception of the building will be built at this time, with the other wing to be added later.

The school, the first of its kind on the Gulf Coast, was constructed in what had been the carriage house. The following year the gardener's cottage was remodeled to house the kindergarten. In 1951, the present seven-acre campus was acquired and classrooms were added each year and at the present time the school offers kindergarten through the sixth grade. A seventh grade will be included with the start of the fall term and the eighth grade will be added next year. The school is non-denominational

Despite outbursts from Chief Thundercloud, an overflow crowd of 4th of July holidayers crowded the Hancock County coast line Tuesday and Wednesday in one of the gayest and safest holiday periods in recent years.

An estimated 6,000 visitors enjoyed the sand, beach, calm waters, picnic grounds and relaxation offered in the county.

Bay St. Louis police chief Alcine Sauter said his department had calls ranging from chasing a snake from a lady's home to the usual run of over-happy fire-cracker throwers whose aim ended in front seats of passing automobile. "However," the chief said, "it was a very safe holiday period in the city—one of the safest in many years."

There were no reports of automobile accidents in the county for the long holiday. Waveland Town Marshall Fred Bourgeois said there wasn't even a fender bump in his district.

Sheriff Sylvan J. Ladner launched a search for a St. Augustine professor who was overdue from a swim across the Bay of St. Louis. However, the hour search failed—but the teacher safely made shore through the network of searchers.

Charles J. Henry, a swimming enthusiast, had left Sunny Bank, the Seminary's summer camp on North Beach, on a solo swim across the two-mile wide bay. Two hours later boats were notified of Henry's failure to return and two boats from St. Augustine joined the search along the south portion of the Harrison county bay front.

However, Henry was resting on the north portion of the shoreline, waiting for a short squall to blow over.

The Clement R. Bontemps Post 139 of the American Legion expressed gratitude for "an appreciated turnout" for their two-day festival on the Bay St. Louis public beach.

The annual festival, benefiting the Legion's Christmas tree-boys fund, included many booths, snack counters and a small fireworks display, damped by brisk showers Wednesday.

District Attorney Boyce Holleman was scheduled to speak but was unable to attend due to illness.

The Legion said they will "make up for the weatherman's lack of cooperation by planning a "bigger" and "better" program next year, including a gigantic display of fireworks.

An afternoon baseball tilt between the Bay St. Louis Red Sox and the St. Rose de Lima Youth Center was rained out after 41 innings with the Red Sox leading 10-7.

Water skiers, sailing enthusiasts, swimmers, fishermen and their ladies—doffed their weekday clothes for beach garments and found the water "just right."

Mr. and Mrs. Horace Kirgo sein had as their guests over the weekend their son and daughter-in-law and family, Mr. and Mrs. G. G. Kergesein of Baton Rouge.

SUMMER SAFETY

National Farm Safety Week has been proclaimed as the week of July 22-28. Not only on the farm, but also in town, increased safety measures are called for now that summer is here.

More accidents occur in the home than anywhere else with the exception of the auto lanes. And in 36 cities, accidental deaths in the home exceed motor vehicle fatalities.

Youngsters are spending more time on the porch and in the backyard this time of the year. Safeguard these places for them. For the smaller ones, have a railing on the porch and safety gates at the top and bottom of stairs.

Make sure the yard is cleared of stones and sticks. The "under 3" rule puts everything they can find in their mouths, and sticks in the hands of this age group are nearly as dangerous to themselves and their playmates as a knife.

Elimination of pointed play things also goes for older children. And since falls account for half of home accidents, make up your mind that you're going to be firm about their putting their bicycles, roller skates, bats and balls away after use. A roller skate or ball on the sidewalk may land a lively one smack against the pavement.

Rakes, hoes, lawnmowers and other garden and lawn equipment belong out of the way when not in use. Often children are hurt from stepping on rakes, carelessly left with prongs up, or from running into sharp shears or sickles.

Although more time will be spent out

doors, remember that vigilance inside is a year-around need.

Have a light at the porch steps, both ends of stairways, the hall, near the bed and between the bedrooms and bathrooms.

Convert all throw rugs into anchored rugs—especially at stairways, bedroom and bathroom.

And make sure you have a good sturdy step-ladder available for out of reach tasks. Boxes, crates, tubs and tin cans are poor substitutes and pulling out a drawer to stand on can be suicide.

Along with falls, eliminate burns and poisoning dangers. You can do this by keeping matches and other items that can lead to fire out of reach of children. Be especially sure that medicines, plant sprays, insecticides, lye, ammonia and other cleaning and polishing materials are locked in a special place.

Apply knowledge and common sense when, despite all care, things do happen. For all injuries, it is best to summon a physician. However, it's well to know and practice basic first aid until the doctor arrives.

It's wise to know what to do in emergencies, but it is wiser to prevent them. Prepare your home safety-wise for this summer and every season of the year.

In this day and age, when women wear jeans and sweatshirts like men, and even have their hair cut like men, about the only way you can tell a husband from his wife is that the one that is listening is the husband.

Which brings to mind that old saw, "Who was that lady I saw you outwit last night?"

A somewhat inebriated chap called the police station and said he wanted to report a theft.

"Shumbody," he said, has stolen the steering wheel, brake pedal, accelerator, the clutch pedal and the dashboard from my car," he hiccuped.

The police sergeant assured him someone would investigate right away, but before he had time to take action the drunk phoned back.

"I'm sorry," he said. "Everything's okay. I just got into the back seat by mistake."

people who have considered being one at one time or another. There was a great deal about tea, but no kettles. In fact, on the subject of tea there was a discourse on how to prepare a discourse with such catchy headings as: "Tea, the Good of," and "Tea, the Evil of."

The good must have overcome the evils of, for tea has managed to survive some seven thousand years, although its staunchest admirers, the English, didn't have a whiff of it until the middle of the seventeenth century. Along then England's boulevardier, one Samuel Pepys, relates that he "sat down for a cup of tea, a Chinese custom, of which I had never drunk before."

Although known generally as the "China drink," tea actually was used all over Asia and the Orient during the early centuries. There's a legend about a saint in India who found it pretty stimulating. It seems he'd been meditating and praying for some years, sans sleep, when, alas, his eyelids closed and he drifted into a long-needed slumber. On awakening he was aghast at having so carelessly fallen asleep and cut off both of his eyelids forthwith, as a sort of lesson.

This drastic maneuver kept him awake for another five years, when again he felt slumber overcoming him. Desperately he reached out and grabbed a handful of leaves from a convenient shrub, tea leaves, naturally, which he started chewing, and these so stimulated him that all thought of sleep departed.

He quickly passed the word around to all the brethren, and before long everybody was having a spot of tea when tired—even as you and I.

HARRY W. O. KINNARD GRADUATED FROM ARMY WAR COLLEGE

Colonel Harry W. O. Kinnard, 41, whose wife, Mikelle, lives at 109 E. 19th st., New York City, was graduated from the Army War College at Carlisle, Pa., June 14. Colonel Kinnard was one of 200 senior officers completing a ten-month course at the Army's highest educational institution. Kinnard, son of Mrs. Cynthia A. Kinnard, of Bay St. Louis, Miss., is a graduate of the U. S. Military Academy. He entered the Army in 1939 and has been awarded the Legion of Merit, Silver Star and the Purple Heart.

Acreage Reserve Part of Soil Bank Program

You probably have some questions about the 1956 Acreage Reserve Program under the "Soil Bank Act." We'll give you just a few highlights here. Our county Agricultural Stabilization and Conservation Committee will announce soon when farmers wishing to participate can sign agreements. More detailed information is also available at the local ASC office.

In Mississippi, this Acreage Reserve applies only to cotton, rice and peanuts.

The basic rules state that acreage designated for the Acreage Reserve must:

(1) Be representative of the land used for the crop, (2) result in the harvesting of an acreage of the basic crop less than the farm allotment, and (3) not be grazed, cut for hay, or cropped for the entire 1956 calendar year. Noxious weeds must be controlled on the "reserved" acreage.

In order to participate in the Acreage Reserve, a farmer must comply with all acreage allotments established for the farm.

Any farmer who otherwise complies with the provisions of the Acreage Reserve will be eligible for payment if: (1) He has underplanted his allotment for cotton, rice or peanuts, either in anticipation of complying with this Acreage Reserve or because of adverse weather; or (2) He has complied with his farm allotment for a particular crop, but an acreage of the crop was not harvested because of destruction by natural causes; or (3) He plows or otherwise physically incorporates the crop into the soil or clips, mows or cuts the crop prior to July 31.

Maximum and minimum acreages have been set for planting crops in the Acreage Reserve.

The national average payment rates for participation in the 1956 Acreage Reserve are: Cotton, 15 cents per pound; rice, \$2.25 per hundred weight and peanuts, 3 cents per pound.

The payment for each individual farm will be determined as follows:

For underplanting the allotment, the payment rate will be based on the normal yield for the designated acreage.

For destruction due to natural causes, or by plowing or other approved mechanical action, the payment will be based on the smaller of an appraised yield for the field or the normal yield for the farm, but will not be less than \$6.00 per acre.

Temporary Grazing

This is the last call for planting Sudan and millet for temporary summer grazing. Planting now, these crops will do well on land fallowed in early June. When planting at this late date, be sure to put down ferti-

BAPTISTS BELIEVE...

FREEDOM OF THE INDIVIDUAL

More men have sacrificed their lives for freedom than for any other cause. Courageous spirits everywhere are ready to join Patrick Henry in saying, "Give me liberty or give me death."

Our most cherished freedom is religious freedom. This includes the right of every person to choose for himself whether he shall follow God's way. To seek to prevent or compel such a choice by use of force is contrary to the spirit and will of Christ. This way of thinking Baptists call "the competency of the soul in all matters of religion" and it is a way clearly taught in the Bible.

To a lowly woman drawing water from a well Jesus spoke great truths about the nature of God, how to worship him. This face-to-face encounter demonstrates the emphasis Jesus puts on the individual (John 4:26).

Jesus also told of a good shepherd who was not satisfied until the last lost sheep was found. Though the rest of the world should live in safety, as long as even one person is outside God's kingdom, the yearning, loving heart of God cannot be satisfied. To him the individual is of supreme importance.

The Bible points the way to this truth: "There is one God, and one mediator between God and men, the man Christ Jesus" (1 Timothy 2:5). "Every one of us shall give account of himself

to God" (Romans 14:12). "But as many as received him, to them gave he power to become the sons of God, even to them that believe on his name" (John 1:12).

To agree that the individual has a right—and ought to have freedom—to make his own religious choice raises a serious question about infant baptism because the infant can make no choice.

For a child to receive baptism without his knowledge and consent seems to Baptists to be contrary to the spirit and letter of the New Testament. It means that one of life's most sacred ceremonies is imposed upon him without his will. Baptist churches baptize only those who have believed in Christ for themselves. They believe that parents, pastors and priests may do many things for the individual, but they cannot take his place before God.

During the 1955 meeting of the Baptist World Alliance in London, England, a world-wide statement on religious freedom was adopted. Among other things, the statement said:

"A person is not physically born into a religious faith, but must of his own free will enter upon his inheritance as a child of God. A man's right to choose or change his faith must be preserved, as well as his liberty to dissent or to make objection because of conscience's sake."

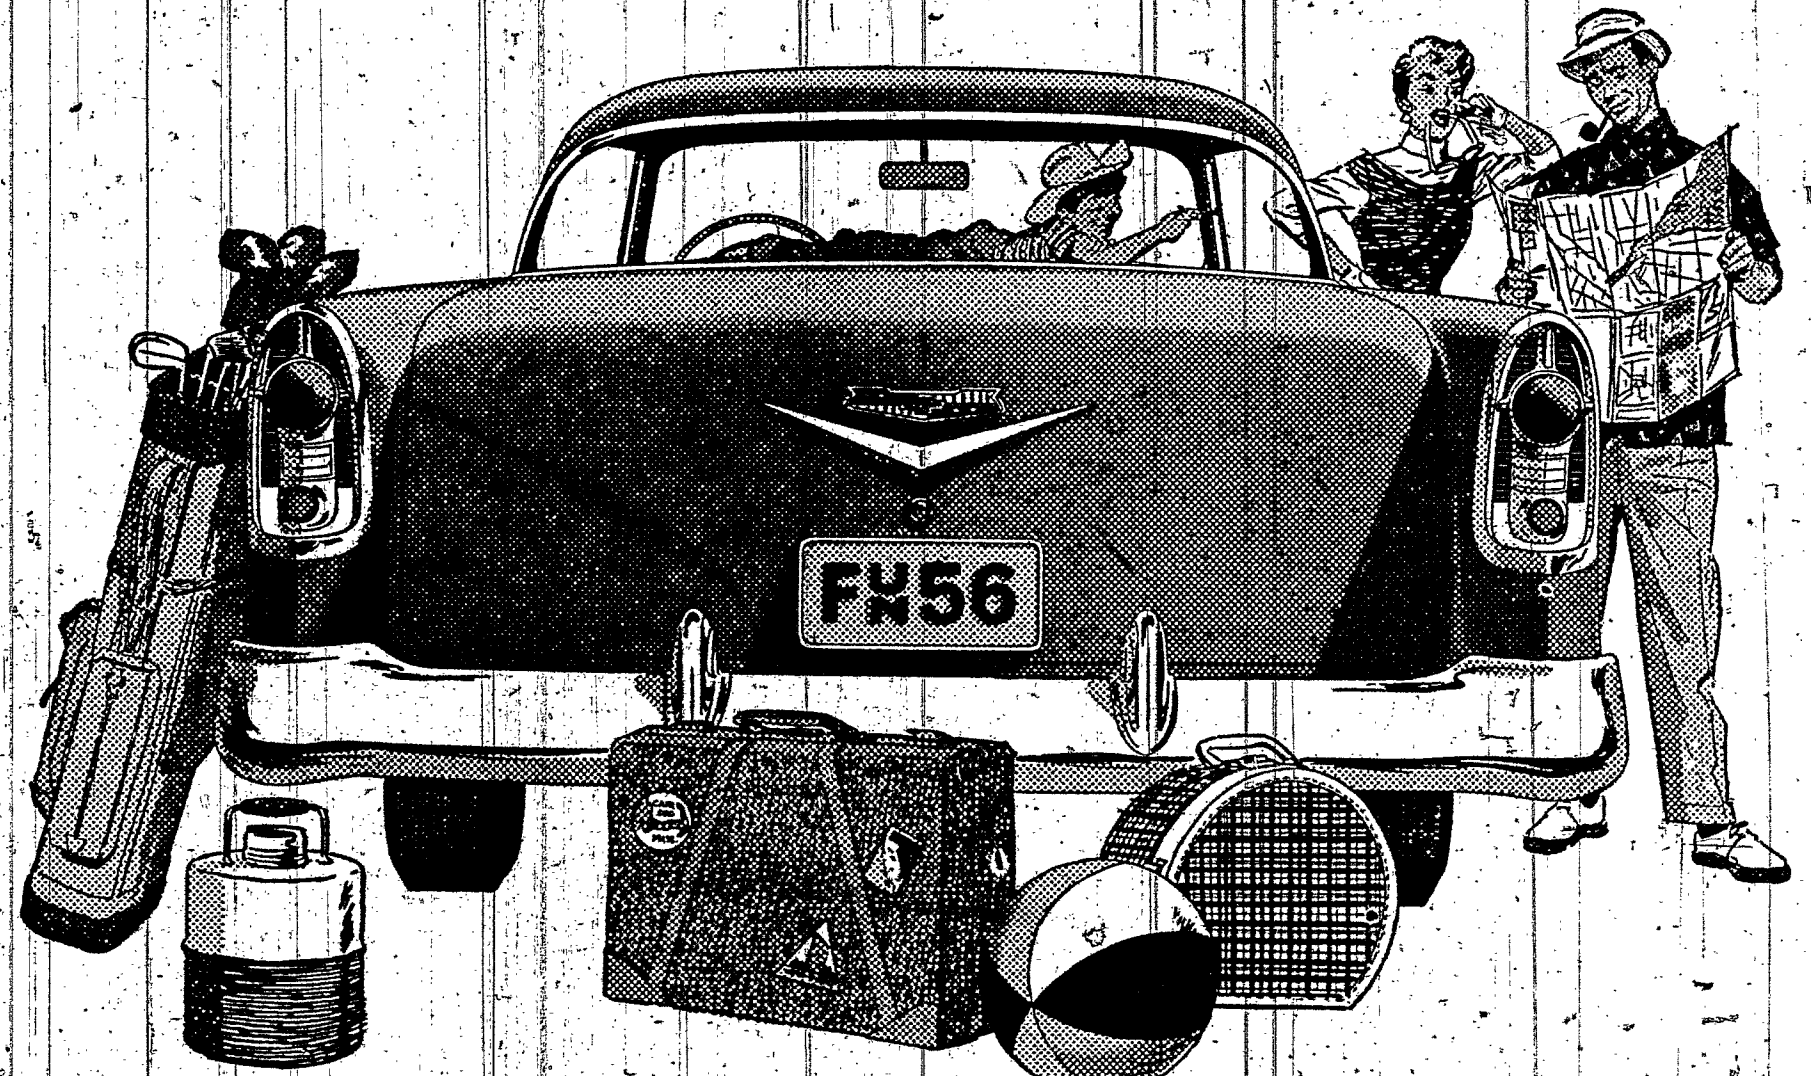

It is more important to let freedom prevail today than ever before, beginning in the life of the individual.

happy vacations begin in a Chevy

You'll love to travel in it, because it loves to travel! When you get this Chevrolet out on the road, you'll want to keep going—and so will the whole family.

Of course, even in a Chevrolet the happiest vacations may involve one or two minor problems. Like figetly small fry who want gallons of water and keep asking if you're almost there. The big things, though, are beautifully taken care of by this roomy Chevrolet's smooth and easy way of going. That's for sure.

The fact is, few cars at any price hold the road with Chevy's grace, with its solid feeling of stability. And with horsepower up to 225, Chevrolet moves out like a whiplash, for safer passing. It's no wonder that so many people who used to buy higher priced cars are changing to Chevrolet! Stop by soon for a ride.

Luxich-O'Farrell Wedding Vows Exchanged June 17

Miss Corrie Mae O'Farrell, daughter of Mr. and Mrs. W. H. O'Farrell of Lakeshore, became the bride of Mr. Donald Joseph Luxich, son of Mr. and Mrs. Rufus Luxich, Bay St. Louis, at an impressive double ring ceremony at Our Lady of the Gulf Church on June 17 at three in the afternoon with the Reverend Father John Robinson officiating.

The altar of the church was adorned for the occasion with white Majestic daisies and white cathedral tapers.

The bride, who was given in marriage by her father, wore a white bridal gown of nylon lace over silk taffeta. The dress was fashioned with a high neckline and a small round collar and had three quarter length shirred sleeves. The full skirt of lace was waltz length. She carried a white orchid on top of a Bible and wore a tiny white lace hat.

Miss Viva O'Farrell, Lakeshore, was her sister's only attendant. She wore a patio length dress of pale blue nylon organza over taffeta made with a gathered bodice. A small white hat and a shoulder corsage of pink gladioli completed her attire.

Mr. William Luxich served as best man.

A reception was held at the home of the bride's parents immediately following the ceremony. Mrs. O'Farrell was assisted in receiving by the groom's mother and the members of the wedding party.

The brides table was covered with a pink damask cloth and centered with a pink frosted wedding cake, flanked by lighted white candles in crystal holders.

The bridal couple chose Galveston, Texas for their wedding trip. The bride wore for traveling a pink linen suit with white collar and cuffs, white accessories and the orchid from her bouquet.

The bride is a graduate of Bay High School and was employed by the Bell Telephone Company as an operator. The

groom, also a Bay High graduate, was discharged in May from the Armed Services after completing a tour of duty in Japan.

Labor on Civic Projects Marks Guard Training

Don't be surprised if you see National Guard equipment and men industriously at work some Sunday grading a parking area for a school, creating a playground, clearing a road or leveling a bumpy church yard.

"This work is part of our regular training program," said Lt. Irvin Kingston, Company Commander Co. C, 890th Engineer Aviation Battalion.

"We have no training grounds available so we work on civic projects in the city and the surrounding area."

In what Mayor John Scaife termed a very well done job, 50 local National Guardsmen cleared some 1700 feet for the new street, which is located south of Carre Court, between Railroad Ave. and Third St.

The main reason of clearing the way for the street, Mayor Scaife said, was so that a drainage ditch could be placed on one side to handle drainage from Railroad Ave. and the area west of Railroad Ave.

The battalion is a well-equipped outfit. It uses three dump trucks, a dozer D-7 tractor, a

pickup truck and other instrumental objects such as air compressors and generators in their training projects.

"We have very good equipment," Lt. Kingston said. "And we put it to good use training these boys so they'll know what they're doing in case a national emergency should arise."

Can any church, school or other institution get free work done by the battalion?

"They sure can," said Lt. Kingston, "if they write a letter to the Adjutant General requesting the services. If the project is within the funds available for training purposes, he'll make every effort to get us on the job."

"There's no profit involved. We have to train somewhere and if we can do some civic good while we're at it, all the better."

"But, before we move in on a project, it is understood that the battalion is not responsible for any possible damage that might be done. If we break a water line with one of our machines, for example, it's a tough break but it's not our responsibility."

The National Guard was organized in Hancock County in October, 1934 with 10 men.

Now the group sports a battalion of 117 men.

Meetings are held every Monday night at the armory on Newcaine Ave., by Brookster St.

Lt. Kingston invites all men 17 and over to join the Guard. "The armory is open every day and information can be obtained by a telephone call or dropping by," Lt. Kingston said.

Former Stanislaus Brother Dies

Brother Oliver, SC. former teacher and band director at St. Stanislaus, died Friday morning, June 22 in Mobile. Funeral services were conducted at the Catholic Boys' Home Chapel in Mobile by the Very Rev. T. M. Cullen, director of Catholic charities of the Diocese of Mobile.

Legion Confab Slated for Coast

General Randolph McCall, Pate, Commandant of the U. S. Marine Corps, will address the State Convention of the American Legion at 11:00 a.m., July 6th.

The annual Legion convention will be held in Biloxi with the Hotel Buena Vista as Headquarters for all activities. The activities begin on Sunday, July 8th with 40 at 8 day, and run through Wednesday, July 11th.

General Pate is the 21st Commandant of the Marine Corps, and a veteran of World War II and the Korean Conflict.

He commanded the 1st Marine Division in Korea and as a result was awarded the Distinguished Service Medal and the Republic of Korea's Order of Military Merit Taiguk.

He was awarded the Legion of Merit twice during World War II for service in the South Pacific.

General Pate was born at Port Royal, S. C., on February 11, 1893. After a brief tour of enlisted service with the U. S. Army in 1918, he entered the Virginia Military Institute, graduating in June, 1921, with a Bachelor of Arts degree. He was commissioned a second lieutenant in the Marine Corps Reserve that September.

In addition to duty in Hawaii and at various posts in the United States before World War II, he saw expeditionary service in Santo Domingo in 1923 and '24 and in China from 1927 to '29. He had risen to the rank of major by the outbreak of the war.

Returning to the United States after the war, the general was named Director of the Division of Reserve at Marine Corps Headquarters in January, 1946. The following year he assumed duties as a member of the General Board, Navy Department, Washington, and in July, 1948, began two years as Chief of Staff of the Marine Corps Schools, Quantico, Va. He was named Director of the Marine

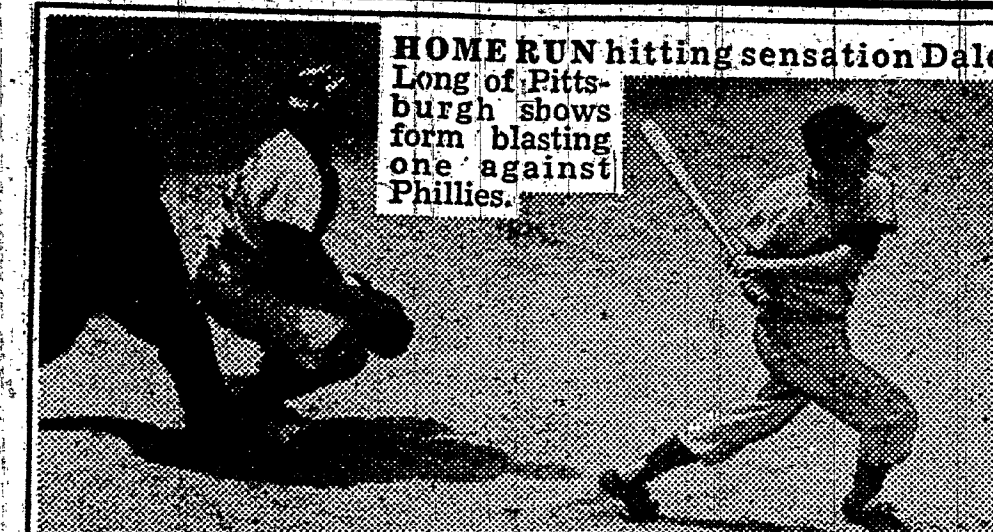

Corps Educational Center at Quantico in July, 1950, and served in that capacity for a year.

In July, 1951, General Pate was assigned to the office of the Joint Chiefs of Staff, where he served as Deputy Director of the Joint Staff for Logistic Plans. He was named Director of the Marine Corps Reserve for a second time that November, and served in that capacity until he took command of the 2nd Marine Division at Camp Lejeune, N. C., the following

September. After that, he commanded the 1st Marine Division in Korea from June, 1953, to May, 1954. That July he was named Assistant Commandant of the Marine Corps and Chief of Staff, serving in that capacity with the rank of Lieutenant General until he assumed his present duties.

General Pate is married to the former Mary E. Bunting, of Winnipeg, Canada, whom he met, while stationed in San Diego, California.

NOTICE OF INTENTION OF THE COMMISSION COUNCIL OF THE CITY OF BAY ST. LOUIS TO ISSUE BONDS IN THE AMOUNT OF \$50,000.00

The Board of Mayor and Commissioners then took up for consideration the matter of the issuance of Fifty Thousand Dollars (\$50,000) Street Improvement Bonds of the City of Bay St. Louis, and following a discussion of the subject, Commissioner Glover offered and moved the adoption of the following resolution.

A resolution declaring the intention of the board of Mayor and Commissioners of the city of Bay St. Louis, Mississippi, to issue negotiable bonds of the said city in the maximum amount of Fifty Thousand Dollars (\$50,000) to raise money for the purpose of paying the cost of constructing, improving and paving streets in said city.

WHEREAS, the Board of Mayor and Commissioners of the City of Bay St. Louis, Mississippi, having made due investigation, finds, determines and declares that it is necessary to construct, improve and pave streets in said City; that the estimated cost hereof is Fifty Thousand Dollars (\$50,000); and that there are at this time no funds available in the City Treasury of said City for the payment of such costs; and

WHEREAS, it is necessary and advisable and in the public interest that the sum of Fifty Thousand Dollars (\$50,000) re-

quired for the aforesaid purpose be obtained through the issuance of bonds of said City as hereinafter proposed; and

WHEREAS, the Board of Mayor and Commissioners of said City does further find and declare that the assessed valuation of taxable property within said City of Bay St. Louis, according to the last completed assessment is Four Million, Three Hundred Ninety-three Thousand, Three Hundred and Thirty-four Dollars (\$4,393,334), and that the total general obligation bonded indebtedness of said City at this time is Forty-seven Thousand Dollars (\$47,000); and

WHEREAS, the amount of bonds hereinafter proposed to be issued, namely, Fifty Thousand Dollars (\$50,000), when added to the aforesaid outstanding indebtedness of said City, will not exceed ten per centum (10%) of the aforesaid assessed valuation of taxable property within said City; and

WHEREAS, the amount of bonds hereinafter proposed to be issued does not exceed Fifty Thousand Dollars (\$50,000) or five per centum (5%) of the aforesaid assessed valuation of taxable property within said City; and

WHEREAS, the City of Bay St. Louis has not, within a period of twelve (12) months from the date of this resolution, heretofore, issued bonds with out an election, under the provisions of Section 7, Chapter

103, Laws of Mississippi, 1950: NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF MAYOR AND COMMISSIONERS OF THE CITY OF BAY ST. LOUIS, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the Board of Mayor and Commissioners of the City of Bay St. Louis, Mississippi, does hereby declare its intention to issue bonds of said City in the amount of Fifty Thousand Dollars (\$50,000) to raise money for the purpose of paying the cost of constructing, improving and paving streets in said City.

SECTION 2. That the issuance of the said bonds will be authorized at a meeting of the Board of Mayor and Commissioners of said City to be held at the City Hall in the City of Bay St. Louis, Mississippi, at the hour of 10 A.M., on Monday, the 30th day of July, 1956, unless twenty per centum (20%) of the qualified electors of said City shall file a written protest against the issuance of said bonds on or before said date and hour.

SECTION 3. That notice hereby given that a written protest against the issuance of said bonds may be filed with the City Clerk of the City of Bay St. Louis at or prior to the above named date and hour, and that if such protest be filed and signed by twenty per centum (20%) of the qualified electors of said City, then an election on the question of the issuance of said bonds shall be called and held as is provided by law. If no such protest be filed the said bonds may be issued without an election on the question of the issuance of said bonds.

SECTION 4. That the City

Pass Home Burns

A Pass Christian four-room frame-type house was destroyed by fire early Wednesday morning.

Pass Christian firemen and volunteer firemen were unable to save the residence as it was out of the city limit hydrant system. It burned to the ground in less than an hour.

The owner of the house was identified as Lawrence T. Reihke, Jr., Pineville Road, Long Beach. Reihke's father was reported to have been living at the house.

The house was located on Espy Ave., half a mile north of the L & N railroad. No one was in the dwelling at the time of the blaze, officials said.

Clerk be and is hereby authorized and directed to cause this resolution to be published in The Sea Coast Echo, a newspaper of general circulation in the City of Bay St. Louis and which is eligible under the provisions of Chapter 427, Laws of Mississippi, 1945, and that the said resolution be so published once a week for at least three consecutive weeks, the first publication to be made not less than twenty-one (21) days prior to the date above fixed for the issuance of said bonds and the last publication to be not more than seven (7) days prior to said date.

Commissioner Traub seconded the motion to adopt the foregoing resolution and, the question being put to a roll call vote, the result was as follows: Commissioner Traub voted yea, Commissioner Glover voted yea, Mayor Scaife voted yea.

The motion having received the affirmative vote of all the members of the Board present, the Mayor declared the motion carried and the resolution adopted, this 2nd day of July, 1956.

STATE OF MISSISSIPPI
COUNTY OF HANCOCK
I, J. Cyril Glover, City Clerk within and for the City of Bay St. Louis, in Hancock County, Mississippi, do hereby certify that the foregoing constitutes a true and correct copy of proceedings had by the Board of Mayor and Commissioners of said City at a meeting thereof held on the 2nd day of July, 1956, insofar as the same relate to the issuance of \$50,000 Street Improvement Bonds of said City.

I do further certify that, prior to the making of this certificate the said proceedings have been spread at length upon the permanent records of said Board of Mayor and Commissioners, in Book 7, Commission Council Series.

IN WITNESS WHEREOF, I have hereunto set my hand and the seal of said City of Bay St. Louis, Mississippi, this 2nd day of July, 1956.

An Important Message To the Citizens of Bay Saint Louis

Realizing the dire need of a new modern, park plan, perpetual care cemetery, the management of "Gardens of Memory Cemetery" takes pride in offering this new burial ground to fill that need and service to the citizens of our city and surrounding communities. "Gardens of Memory Cemetery" will be a strictly modern "perpetual care" cemetery which means that a portion of all sales will be set aside in an irrevocable trust fund, the income of which will be used solely for the maintenance and upkeep of "Gardens of Memory Cemetery" which will insure it from ever becoming one of those sad, rundown, neglected burial places, so well known to most of us.

This new ideal is a cemetery symbolic of life, which will grow in grace and beauty, telling stories of life, not death. As soon as the land is in condition it will be landscaped with sweeping lawns, cheery and flowering plants, everlastingly green shrubs artistically placed and filled with beauty and light - in short a great civic asset.

We invite you to drive out and inspect this new cemetery at your convenience, or call for any information you may desire concerning the purchase of family plots on our "before need plan."

Independence has its day!

This "Fourth" marks the 180th anniversary of an act of supreme courage by a small band of heroes - which gave Americans independence: freed our nation from foreign control; led to our democratic guarantees of individual liberties. The fruits of these actions have brought happiness and prosperity to countless Americans of all degrees. God grant all of us the vision to see encroachments upon our independence from within or without; and the wisdom and the courage to defend our liberties as individuals and as a nation.

As a good citizen...

Each of the 4,500 Mississippi employees of Southern Bell - and their families - is free to vote, to own his own home and to take part in church, civic and community activities - and they are encouraged to do all these things. All are interested in maintaining a high standard of schools, roads and government in their communities and in doing everything possible to preserve our heritage as a free people.

Dr. Ship Raps Laxity of Parents Regarding Salk Polio Vaccine

In a statement to the ECHO this week, Dr. C. M. Shipp, County Health Officer, rapped the apathy of people of Mississippi regarding Salk Polio Vaccine.

"Their apathy and procrastination is difficult to understand," he declared. "Why are they holding back in accepting the Salk Polio Vaccine?"

"The March of Dimes poured five million dollars into the job of scientific production of the vaccine. The Federal Government poured more than fifty million dollars into a fund to purchase vaccine for children. Vaccine is now available to every family physician in the state, and most of them have it in their offices. Every county health department in the state has a supply on hand."

"People in this state are acquainted with this fact," the health officer pointed out.

"The trouble we experienced with the vaccine in the beginning is behind us. The vaccine now being used is as safe as it can possibly be made. Over a million doses have been used in Mississippi with no tragedy. It is now believed to be one of the safest vaccines we are using."

In the last two weeks almost one case of polio per day has been reported to the Jackson office," Dr. Shipp continued.

"These cases are scattered all over the state. Not an epidemic, but a smoldering epidemic just waiting for a lot of cases to pop up somewhere in the state. Why wait for an epidemic to put fear into the hearts and minds of people. The vaccine has hardly been scratched. The records show that only thirty per cent, or one third of the children have been vaccinated. We can't hope to stop polio until about ninety per cent of the children have been vaccinated."

"This is a grim record. In the last ten days we have had two deaths from polio and one case now living, but who has polio and is not expected to live. Why should tragedies like this happen among a group of intelligent people? The medical profession has kept nothing back. They have told the truth all the way through. They have covered up nothing and never will. The radio, the television and the press have kept the people fully advised and they advise the people to be vaccinated."

"Last week I talked to Dr. Noblin, the director of the Crippled Children's Service, and he told me that he had twelve thousand children on his roster for Mississippi. How many of these precious lives have been ruined by the accused disease called polio? You figure that out. At least this gate can be closed if only the people will respond to the advice of the medical profession."

"The largest number in the unprotected group is among the teenagers. We were not much interested in the very young until we had a death from polio in a baby seven months old. How we would like to have all children protected between the ages of six months to and through nineteen. When this is done, polio will be a memory, and not a nightmare. Your Health Department can offer protection but cannot force it on anyone. You see, the public bears a responsibility as well as the medical profession."

Home Agent Notes

Three Home Demonstration Club women from Hancock County were among the 528 officially registered delegates to the annual meeting of the Mississippi Home Demonstration Council last week at State College.

At the meeting plans and recommendations for the coming year's Home Demonstration Club program were outlined and adopted. The theme chosen for study topics was "Woman's Responsibility in Her Community."

Some of the topics selected are: A House is for People, which will include safety and health; Retaining the Community's Identity; Community Pride, which will be the soil conservation program; Rural Rights and Courtships; Your TV is on.

HOME CANNED FOODS

What pleasure to see the rows of bright green, yellow and red foods in jars on the pantry shelf. The knowledge you will have foods ready to feed your family well when the fruits and vegetables are out of season is a matter of pride for all homemakers. It even blunts the memory of the hard hot work it took to pick, prepare and preserve them.

But, think of the loss of time, labor, money and the disappointment when your canned foods spoil. And if the foods canned prove of poor quality, they lose their appeal and nutritive value.

Three causes of food spoiling are under processing, faulty seals and improper handling. To be sure your canned products are top quality, be sure the foods are young and tender and that you follow approved canning methods. Ask at your home-agent's office for information on canning, preserving and freezing foods.

FRUIT GELATIN SALAD

What looks more colorful, cool and tasty on a hot summer day than a fruit gelatin salad. This won't give you a recipe for such a salad, but some hints on the use of different fruits. From past experience you know that some fruits sink and some float when you put them in the gelatin. You can take advantage of this to make a layered fruit salad.

To do this pour the dissolved fruit gelatin into your mold that you have first rinsed in cold water. Pour off the water, but do not dry the mold. Add one fruit that will sink and distribute the pieces as evenly as possible. Add one fruit that will float. When you unmold it, you have two layers with a clear layer between.

Fruits that sink include: canned apricots, canned royal anne cherries, canned peaches or pears, canned pineapple, canned raspberries, fresh grapes, cooked prunes or plums. With canned fruits, use those packed in heavy sirup. Fruits that float include: apple cubes, banana slices, fresh sliced peaches or pears, fresh raspberries, halved fresh strawberries, marshmallows, broken nut meats.

Bay Business Up 23 Per Cent

Bay St. Louis had an increase of 23 per cent in business activity during May as compared with last May, while business in the Biloxi-Gulfport district rose only 3 per cent during the month, according to the monthly publication of the School of Business and Industry at Mississippi State College.

Indicator changes in Bay St. Louis were as follows: Bank deposits, up 51 per cent; money orders issued, down 15 per cent; postal receipts, down 12 per cent; telephones in service up 8 per cent; and city sales tax collections, down 7 per cent.

Other activity on the Coast showed Pass Christian business activity up 4 per cent; Piquette 8 per cent up; and increases of 4 per cent and 8 per cent in Biloxi and Gulfport, respectively.

Dive Into Our

At Meyers Cash Grocery

It's not on the map... but it's all over the State!

You won't find "Telephone Town" on the map, but it plays a big part in the progress and prosperity of our State.

It is made up of the 4500 Southern Bell employees who live and work in communities, large and small, all over Mississippi. Along with their families, they'd form a city nearly as large as Clarksdale or Columbus. They are good citizens who vote and take part in church, civic and other activities of their communities.

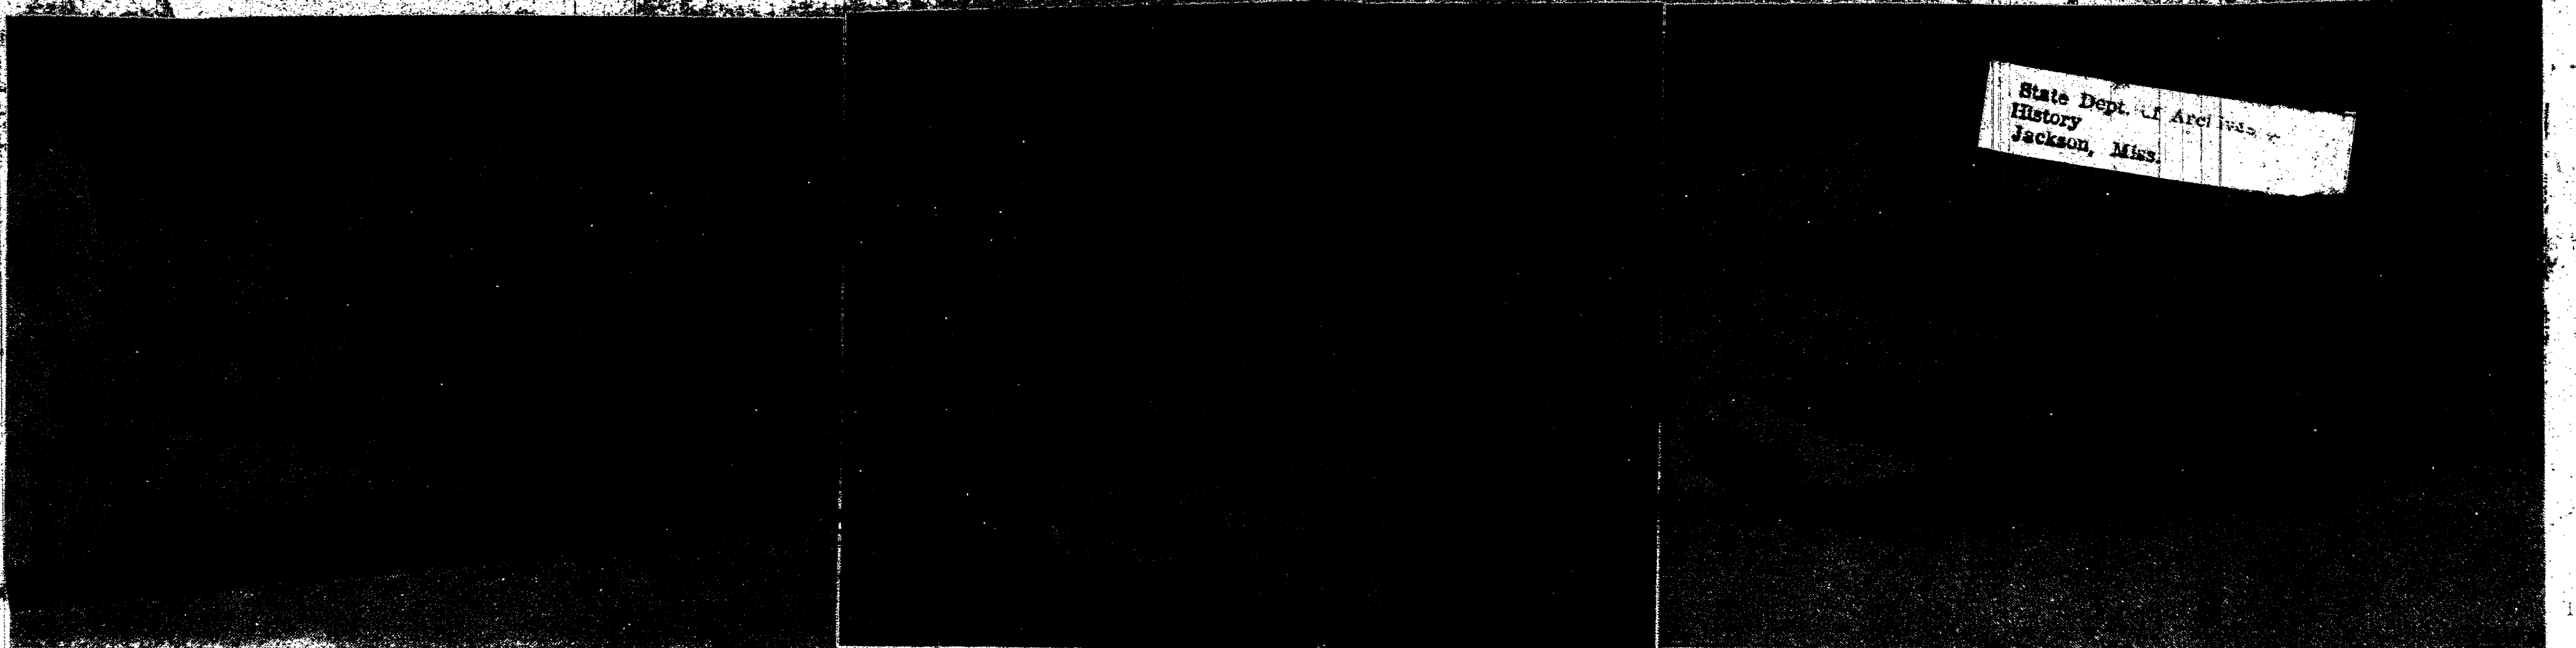

Members of these 4500 families earn 16 million dollars a year in Southern Bell salaries. They will spend an estimated 11 million dollars in Mississippi this year, in addition to paying about 4 million in taxes.

"Telephone Town" means a lot of industry, too: Southern Bell has invested in average of more than 10 million dollars yearly since 1945 for construction in the State. Large sums are paid Mississippians each year for materials and supplies, including an average of \$1,400,000 yearly for poles and cross-arms alone.

By doing their part as citizens and by their purchases and taxes, Southern Bell and its employees are helping to improve Mississippi's schools, roads and hospitals; adding materially to the State's growth and prosperity.

One Dead, Eighteen Hurt In Local Weekend Traffic Toll

WRECKAGE OF AN AUTOMOBILE IN WHICH NEW ORLEANSIANS WERE SERIOUSLY INJURED IS EXAMINED BY JIMMY TAYLOR. THE RIGHT PHOTO SHOWS THE "DEATH CAR" OF A SERIES OF ACCIDENTS THAT OCCURRED HERE.

Two Hancock county smash-ups resulted in the death of an 18-year-old Tulane university student and injuries to ten New Orleansians last weekend on Hwy. 90, west of Bay St. Louis.

The fatality, Earl John Bobo, brought to a total of five the number of traffic deaths in the county this year.

Mississippi highway patrolman Fred Curet said Bobo

died of injuries received when his west-bound car collided with another automobile and overturned in a ditch near Bayou Phillips, six miles west of Bay St. Louis, around 1 o'clock Sunday morning. The youth was killed instantly, reports stated.

Another youth, Michael Tassin, a passenger in the car with Bobo, was treated at King's Daughters hospital for ankle in-

juries and chin lacerations. He was transferred later to a Naval hospital in New Orleans.

The two were returning to New Orleans after visiting friends on the Gulf coast.

The patrolman said Paul John Marchand Jr., driver of the east-bound car, was treated for serious head injuries and fractured left arm at the hospital and transferred to Memorial hospital at Gulfport.

Officials at the hospital told the Sea Coast Echo Merchant's condition was "satisfactory."

Emile Piazza, Hancock county coroner, said Bobo's death was listed as "accidental," resulting from "body injuries."

Curet said the car driven by Bobo struck Marchand's vehicle and traveled several hundred feet on the shoulder of the highway before overturning in a ditch containing about

two feet of water. Tassin, owner of the car, was asleep at the time, Curet said.

The impact knocked Marchand's car out of control, causing it to crash into a concrete railing at Bayou Phillips.

Eight persons were injured in a 9 o'clock accident Saturday night 12 miles west of Bay St. Louis, Curet reported.

Sixteen-year-old Riley Penick III was listed as the driver

of a car, which left the highway to dodge three cows on the road, skidded and spun around on the slippery shoulder and then skidded back onto the highway, colliding with a car, being driven by Lester L. Ferguson.

Two small daughters of Ferguson, Martha Ann and Nancy Katherine, were treated for minor injuries at King's Daughters hospital while Ferguson and

his wife were taken to the Gulfport hospital.

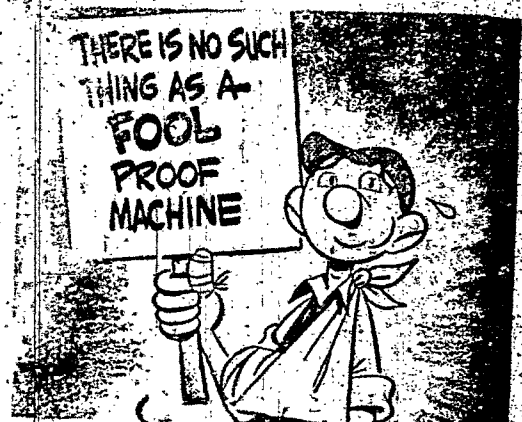

Ferguson underwent an emergency operation Sunday and reported in an improved condition while Mrs. Ferguson was said to be suffering from shock and lacerations.

Penick was treated locally for lacerations of the head and face.

Three other youths in the Penick automobile were treat-

ed here. Frank B. Haynes, 16, most seriously injured of all in the two accidents, was transferred to Touros Infirmary in New Orleans with head injuries. Sue Strausburger, 17, was treated for lacerations of the arm and facial bruises while 17-year-old John Farnsworth, was treated for shock and lacerations before being transferred.

Nab \$10,000 Liquor Cargo

Hancock county residents joined Mississippi Highway Patrolmen Thursday, July 5 in destroying 229 cases of bonded whiskey and gin, seized by officials five miles west of Bay St. Louis on Hwy. 90.

Approximately \$10,000 of liquor was discovered by Ptn. William Kinnery and Fred Curet, aboard a two-ton van during a routine check, according to W. D. Jacobs, District Eight Inspector.

Otha Leroy Thompson, 38, Gulfport, driver of the truck pleaded guilty before justice of the peace Nolan Ladner and was fined \$109.50 for possession of liquor and \$13.50 for an expired driver's license.

A bill of lading found in the truck was made out to Ray Steffell, Waveland. D. J. Venus, Biloxi, was identified as the owner of the vehicle.

The truck and cargo were removed to Bayou Phillip bridge by Hwy. 90 where six extra patrolmen were called in to help break the bottles against the concrete bridge. During the two-hour activity about twenty Hancock county residents stopped to aid officers; Ptn. Curet said.

Other patrolmen included Ptn. Tommie Martin, Joe Gazzo, Irvin Rippy, Zeke Clark, and Bobby Taylor.

Inspector Jacobs gave the liquor cargo as:

- 40 cases whiskey in fifths, 40 cases of gin in fifths, 12 cases of gin in quarts, 12 cases of gin in pints, 40 cases of gin in half-pints, 62 cases of whiskey in half-pints, 5 cases of Scotch whiskey in fifths, and 10 cases of whiskey in pints.

The truck, a 1955 Chevrolet model, was released to its owner, Jacobs said.

Thursday night Highway Patrolmen discovered 180 gallons of "moonshine" whiskey in a vehicle on Hwy. 48.

Officials said the driver, James A. Slaydon, Picayune, was stopped for speeding.

Pearl River sheriff Osmond Mooney and Ptn. Joe Pice and Fred Melling stopped the vehicle at Cross Roads around 11:30.

The liquor was destroyed, officials said.

New Speed Limits Set for Bay

City Raps Train Discontinuance

Intention of the L&N Railroad to discontinue trains 1 and 4 has been protested by a resolution adopted last week by the Commission Council of Bay St. Louis.

According to the resolution, the L&N plans to discontinue train 1, the southbound Azalea, which leaves for New Orleans at 3:57 p.m., and the northbound Azalea to Mobile at 9:40 a.m.

"It is the opinion of the Commission Council," the resolution stated, "backed by competent proof, that the Gulf Coast section which is serviced by the main line of the L&N Railroad is the fastest growing and one of the most heavily populated sections of the State of Mississippi which indicates the necessity for the services offered by these trains in the way of transportation of passengers, property and mail."

The city said that it would be detrimental to the economic and business welfare of the entire Gulf Coast Area "if the services of these trains were discontinued."

They declared that the industrial potential of the area would be curtailed and a great convenience worked on the traveling public.

Mayer John Scafide said the Coast Municipal Officials Association, of which he is president, had adopted a similar resolution. He said all municipalities along the coast were making a concentrated effort to prevent the discontinuance of the trains.

A city ordinance regulating speed limits in Bay St. Louis has been adopted by the Mayor and Board of Commission Council. The ordinance, which limits speed within the city to 15 miles per hour, was approved July 2.

The ordinance sets forth speed limits as follows:

- 25 mph within the residential section.
- 20 mph within the business district.
- 10 mph when making a right or left turn.
- 10 mph when passing through any school, hospital or playground zones.
- 40 mph on US Highway 90.

In a statement to the Council clarifying the boundaries of the business and residential districts, Commissioner of Public Utilities J. Cyril Glover said the Bay St. Louis business district was considered as follows:

- Along Beach Blvd. from de Montuzin Ave. to Union St.
- Union St. to Second St.
- Second St. to Main St.
- Main St. to Torline; and along Second St. back to de Montuzin.

Also from Five Points (a intersection of Hancock, Union and Railroad Aves.) along Railroad, down Railroad into Third St. to St. Charles.

Beach Boulevard from de Montuzin Ave. to McDonald's Lane—the area bordering the Municipal beach—will be classed as a playground area, and speed limits will be enforced accordingly.

The city commission pointed out that this was a dangerous area due to the many cars usually parked along the beach, and the fact that children, as well as adults, continually were darting out from between parked cars and dashing across the street.

Chief of Police Alcine Saucier said the local police would make every effort to enforce the new speed laws, and Mayor John Scafide said the Sheriff's office had pledged their full cooperation in seeing that the speed limit is observed.

The city also passed an ordinance prohibiting posting of signs, placards, or any other media of advertising on telephone and light poles and municipally owned buildings within the corporate limits of the city.

"The attractiveness and neatness of our city is most seriously affected" by these signs, the ordinance declared.

The ordinance also pointed out the hazard created for telephone and light company employees who climb these poles.

Betty Martinolich Youths To Leave For Church Camp Dies Suddenly

Dr. Betty Martinolich, 29, wife of Dr. Andrew K. Martinolich, Jr., Bay St. Louis, died suddenly at her home in Bay St. Louis last Saturday. Formally a resident of Brookhaven, she and her husband moved to Bay St. Louis about a year and a half ago.
